BRAUN.COM/GLOBAL

Brushing, combing, styling and sitting on an airplane are all activities that can create static and affect hair's surface charge. Flyaway hair, frizz and dullness are often the result. Braun Satin Hair Brush with IONTEC offers a stunning solution. The brush delivers negatively charged ions straight onto the hair where they seek out any particularly rough, damaged areas and immediately begin smoothing them out, reducing friction and increasing shine and smoothness.

## Gate Retail Onboard GmbH

## Elizabeth Arden New York

**Ayaz Furniturewalla** | T: +1 954 364 3494 | Ayaz.Furniturewalla@

elizabetharden.com | ELIZABETHARDEN.COM

Elizabeth Arden, one of the most recognised names in beauty, is known around the world for quality, elegance and product innovation. The company's extensive portfolio of prestige brands, including cutting-edge skincare (Prevage®, Ceramides, Eight Hour®, Visible Difference), on-trend colour looks and the finest fragrances can be found in over 100 countries worldwide. The brand's iconic Red Door, known as a universal symbol of beauty, first appeared on Fifth Avenue in New York City in 1910, opening the door to a century of groundbreaking products that have stayed true to Miss Arden's fundamental belief: "to be beautiful is the birthright of every woman".
